## **EXAMINER'S AMENDMENT**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/24/2010 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dicran Halajian on 5/4/2010.

The application has been amended as follows:

Claim 1, add the phrase "and the at least one recess includes at least one of a slot and a groove" immediately before the period.

Cancel claim 10.

3. The following is an examiner's statement of reasons for allowance:

Art Unit: 1714

The closest prior art references are: WO 01/37309 to Partlo et al., which teaches a method of cleaning at least one surface of an optical device disposed in a vacuum chamber, US 4,597,665 to Galbraith et al., which teaches a method of using a flaw detector for optically transmissive surfaces and US 6,44,037 to Frankel et al., which teaches a method of using a processing chamber. The prior art references of record, taken alone or in combination, do not anticipate or suggest fairly the limitations of: removing contaminants introduced from a radiation source from a surface of an optical device in a vacuum chamber and collecting the contaminants at a recess formed in the surface wherein the recess includes at least one of a slot and a groove, in combination with the other step elements of the cleaning method as instantly recited. Upon further search no other prior art has been located at the date of this Office action.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Golightly whose telephone number is (571) 270-3715. The examiner can normally be reached on Monday to Thursday, 7:30 AM to 5:00 PM.

Art Unit: 1714

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Kornakov can be reached on (571) 272-1303. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
